Our Future Ministry Vision

would have us do for ministry. There have been certain themes that the Lord brought to our remembrance from time to time, but how it all fit together was not apparent. Daniel has always had a heart for high school youth. He also desired to pursue aviation. It was not apparent how the Lord would bring these two together but we are beginning to see a more complete picture. We are hoping to begin Paraclete Aviation© after we return to Iowa to see family and friends. Paraclete Aviation© is the name that Daniel decided on when he realized this will be a ministry that comes alongside youth. Paraclete is the Greek word for comforter, one who comes alongside in the N.T. Our desire is to begin a ministry to high school youth using aviation as a tool to appeal to their lives. Summer flight camps and other activities will be the focus along with a Gospel centered message. We believe this will open doors into high schools that would normally be closed. There are many details to be figured out, but that is our current vision and actually has been for quite some time, but we were afraid to share it because of lack of clarity. We will continue to update this year as they unfold. We are excited to begin the next chapter of our lives!

We have been much in prayer and have had many ideas run through our hearts as we set out to see what the Lord

Final Thoughts

We would love to hear from you. Please let us know what excites you about what we are doing and how we can better partner with you. There is a form on our ministry website that allows for feedback. We also blog on this website so you can receive more periodic updates between newsletters.

To clarify on the business, this was something the Lord brought to us in January of 2011 that we were not looking for. But as we prayed about it, we strongly felt that it was going to be the means by which God would provide

for an costly aviation ministry. We are continuing to build it and trusting Him to grow it at the proper time to fund our ministry!

We are currently looking at having a foreign exchange student house with us. This is both a ministry opportunity for us, as well as a financial blessings because the local colleges look to the local community to open up a room for students to rent out. We are excited to see what happens with this.

For those in Iowa, we are planning on returning for

Thanksgiving and Christmas and will hopefully have 6 weeks to spend with friends and family. May the Lord Bless you and keep you,

The Dietz Family

Seeing the Finish Line Hebrews 12:1

Dawn and Alena going up on their first flight with Daniel. 3/11/2011

Greetings to all our friends and family. It is amazing how fast time goes by as we continue to move toward graduation. Much has happened since we last updated you. Daniel began flight July 12th of 2010. He soloed (flew first time without an instructor) on August 2nd with a little over 10 hours of total flight time. He received his private pilot's license in November. This last spring semester Daniel

spent time learning how to fly high performance in a Cessna 206 (over 200 HP) aircraft, complex in a Cessna 182 (retractable gear and variable prop), and tail-wheel in a Cessna 185. This was a very fun semester for flying, but also very trying on Daniel spiritually. The busy schedule was very demanding and often left him tired and weary. The reference to Hebrews above was a reminder from the Lord that the end of the race is often the hardest and that that is when one needs to keep his eyes fixed on Jesus and continue to run with perseverance.

We are beginning to plan for our future ministry and the Lord is beginning to

open doors. Details are on the back.

This September Daniel will be going on a Cross-country trip that includes flying down the coast of California, then over to Arizona and back up to Washington through the mountains of Utah and Idaho. We will stop at many Airstrips both large and small along the way.

Daniel is set to Graduate in May of 2011 and we would love to see friends and family come out for this special occasion. It has been six years in the making and this chapter of our lives is beginning to close. We want to celebrate it with you!

Dietz Family Rundown

Alena turned 4 July 22nd and got the "purple birthday" she had been requesting all year. She has changed so much and is tuning into quite the little lady. Currently she makes it very well known that her favorite color is purple and she loves princesses. She is getting ready to entire pre-school at our church's school as long as a scholarship for her is available. Please pray for this need.

Azaryah turned 2 May 1st. He is currently being potty trained and is doing quite well. He is changing everyday and learning new things all the time. He is also quite a daring one. Always trying new stunts to keep his mom on her toes.

Hosanna began walking a week before her first birthday on June 13. She loves playing with her brother and sister as long as they aren't lying on her head or trying to hug her by strangling her neck. They are quite a wonderful blessing and very entertaining.

Dawn is still a homemaker but also wears 2 other hats. She has blessed us by working 2-3 hours a day on our business. She also is on the WOMA (Women of Moody Aviation) committee for school for the third year. WOMA is designed to minister to the wives and women of Moody Aviation.

Daniel is forming a softball team for the guys at Moody Aviation this fall. Even with the busy schedule this is something he thinks he cannot go without. It will be a fun time for the guys, who rarely get to do fun stuff because 40-60 hours a week are committed to aviation.
